PROJECT EXPERIENCE

THE BEATEN PATH

TECH:

AngularJS, Node.js,
Express, PostgreSQL

Using Utah hiking trails registered with the National Forest Service, this hiking app allows you to search for trails based on length, time to complete, location and difficulty with an interactive map.

- Won "Most Technical" within my Cohort.
- Built a recursive throttler function that included RESTful API calls and algorithms to populate my database with roughly 3000 trails.

DEVMOUNTAIN TRACKER

TECH:

AngularJS, D3, Node.js,
Express, PostgreSQL

This app is a visual stats dashboard displaying information with charts and graphs on student progress, concerns, and help requests.

- Was lead developer of all D3.js charts.
- Was lead designer for the UI/UX of the app.

WORK EXPERIENCE

MENTOR

DevMountain
4/2017-Present

My responsibility is to mentor students to help them better understand developing principles and concepts in topics such as HTML/CSS, Javascript, AngularJS, Node.js, Express, PostgreSQL and RESTful API's.

INSTRUCTOR

MATC
10/2015-6/2016

I educated students in areas of photoshop, illustrator, photography, motion graphics, basic web design, and general design principles.

EDITOR

theFINDlab
4/2015-2/2016

As a photo editor, I worked closely with clientele to produce consistent results according to their own style and preferences. I also worked to improve the skills of employees by creating training tutorials for Adobe software.

PHOTOGRAPHER

Missy J Photo
2009-2016

As sole owner, I photographed primarily portrait and wedding photography. Client communication and business promotion were strongly emphasized.
